Abiramy Thiyakesan *Junior Software Engineer*

thiyaku.abiramy@gmail.com +39 3522768251 Binasco(MI)

linkedin.com/in/abiramy-thiyakesan/ github.com/ThiyakuAbi20

Software Engineer with practical experience gained through a **6-month internship and freelance software development projects**. Experienced in **Java, Spring Boot, Microservices, JPA, and relational and non-relational databases, with hands-on experience developing modern web applications using React.js, Angular and Next.js.** Passionate about designing reliable backend systems, building meaningful products, and delivering high-quality software solutions that create real value.

SKILLS

Programming Languages: Java, JavaScript, Python, **Front-end frameworks:** React.js, Flutter (Basic), Angular, **Back-end frameworks:** Spring Boot, Spring Data JPA, FastAPI, **Database:** MySQL, PostgreSQL, MongoDB, **Tools & DevOps:** GitHub Actions, AWS

EDUCATION

BSc (Hons) in Information Technology 06/2022 – 07/2026 | Malabe, Sri Lanka
Sri Lanka Institute of Information Technology

PROFESSIONAL EXPERIENCE

Intern - Software Engineer 12/2024 – 06/2025 | Colombo, Sri Lanka
Techorin Solutions (Pvt) ltd

- Developed **RESTful APIs** using **Java, Spring Boot,** and **MySQL**.
- Implemented **JWT** authentication and role-based authorization.
- Designed database operations using **JPA** and **Hibernate**.
- Built reusable UI components using **React.js** and **Angular**.
- Participated in 20+ client demonstrations, code reviews, debugging, testing, and **Agile development**.

PROJECTS

ReachTag – QR-Based Owner Contact Platform 02/2026 – 04/2026
Freelance Project

- Developed backend services using Java and **Spring Boot** following **MVC architecture principles**.
- Integrated **PostgreSQL** database with **Spring Data JPA** and **Hibernate** for efficient data management.
- Implemented authentication and user management features using **Supabase Authentication.**
- Designed backend components with scalability, maintainability, and **clean architecture practices** in mind.
- Collaborated with frontend developers to define API contracts and ensure seamless application integration.
- Tested and debugged APIs to improve reliability and overall application quality.

Queue Management System 01/2026 – 06/2026

Freelance Project

Technologies: Angular, Java, Spring Boot, PostgreSQL

- Developed a queue management web application using **Angular** and **Spring Boot**.
- Built **RESTful APIs** for queue operations, token management, and service handling.
- Integrated **PostgreSQL** for efficient data storage and retrieval.
- Implemented real-time queue status tracking to improve customer flow and service efficiency.

URL Shortener Web Application

Personal Project

- Developed backend REST APIs using **Java and Spring Boot** to handle URL creation, redirection, and link management workflows.
- Designed and implemented database models using **MySQL** with **Spring Data JPA** and **Hibernate** for efficient URL and user data management.
- Implemented **Google Sign-In** authentication to provide secure user registration and account access.
- Developed the frontend application using **Next.js and React.js** with a responsive user interface built using **Tailwind** CSS.
- Integrated frontend components with Spring Boot APIs to enable seamless communication between client and server applications.
- Applied clean architecture principles and modular development practices to improve maintainability and future scalability.

Sri Lankan Criminal Case Judgment Prediction System 09/2025 – 05/2026

Undergraduate Research Project

Technologies: Python, FastAPI, React, Legal-BERT, RAG

- Fine-tuned a **Legal-BERT** model to predict Sri Lankan criminal case outcomes.
- Built a **FastAPI** backend exposing prediction and document retrieval APIs.
- Implemented **Retrieval-Augmented Generation (RAG)** to retrieve similar historical court cases.
- Developed a React frontend for legal document submission and prediction visualisation.
- Integrated AI inference with backend APIs to provide legal decision support.
